

INSTRUCTIONS FOR AUTHORS

Format and organization of the text

The two-pages papers will be submitted in English, in electronic form (in any version of MS-Word). They can include tables, graphs and B/W pictures (preferably in jpg format). The title must be written in 14 points capital and bold Times New Roman font, then leaving a blank line. The following paragraph should contain the first name and the surname (format: Name SURNAME) of the authors, separating the different authors by semicolons, and on the next lines the affiliations, then leaving a blank line and following the main text. Text formatting will be A4 pages, single spaced written with 2.5 cm margins and 12 points Times New Roman font.

The first time you cite a biological species, include the scientific name written in italics, not underlined, and authority. Once cited the scientific name, in the rest of the text can be used the common name of the species.

The units of the International System of Units should be used.

The organization of the main text, in general, should be:

Introduction
Material and Methods
Results and Discussion
Acknowledgements (if needed)
References

Tables and figures

The title of a table and the accompanying text should be placed on the top of it. Tables should be numbered consecutively and cited in the text. They must be delimited by solid lines and the head and the bottom of the table without vertical lines. Data units should be listed in parentheses in the title of each column. If table footnotes are needed, they should be indicated by numerical superscripts.

Figures should keep title and description in the bottom of them; they must be numbered consecutively and cited in the text.

References

The bibliographical references, which must be cited in the text, would be adapted to the models that follow:

ARTICLES: Author (s). Year. Title. Journal Nr: initial-final pages.
BOOK CHAPTER: Author (s). Year. Title of chapter. In: Editor (s) Coordinator (s) (Eds / Coords) Book title: initial-final pages. Publisher. Edition. City, country
BOOK: Author (s). Year. Book title. Publisher. Edition. City, country.
